YECHIMLAR

1

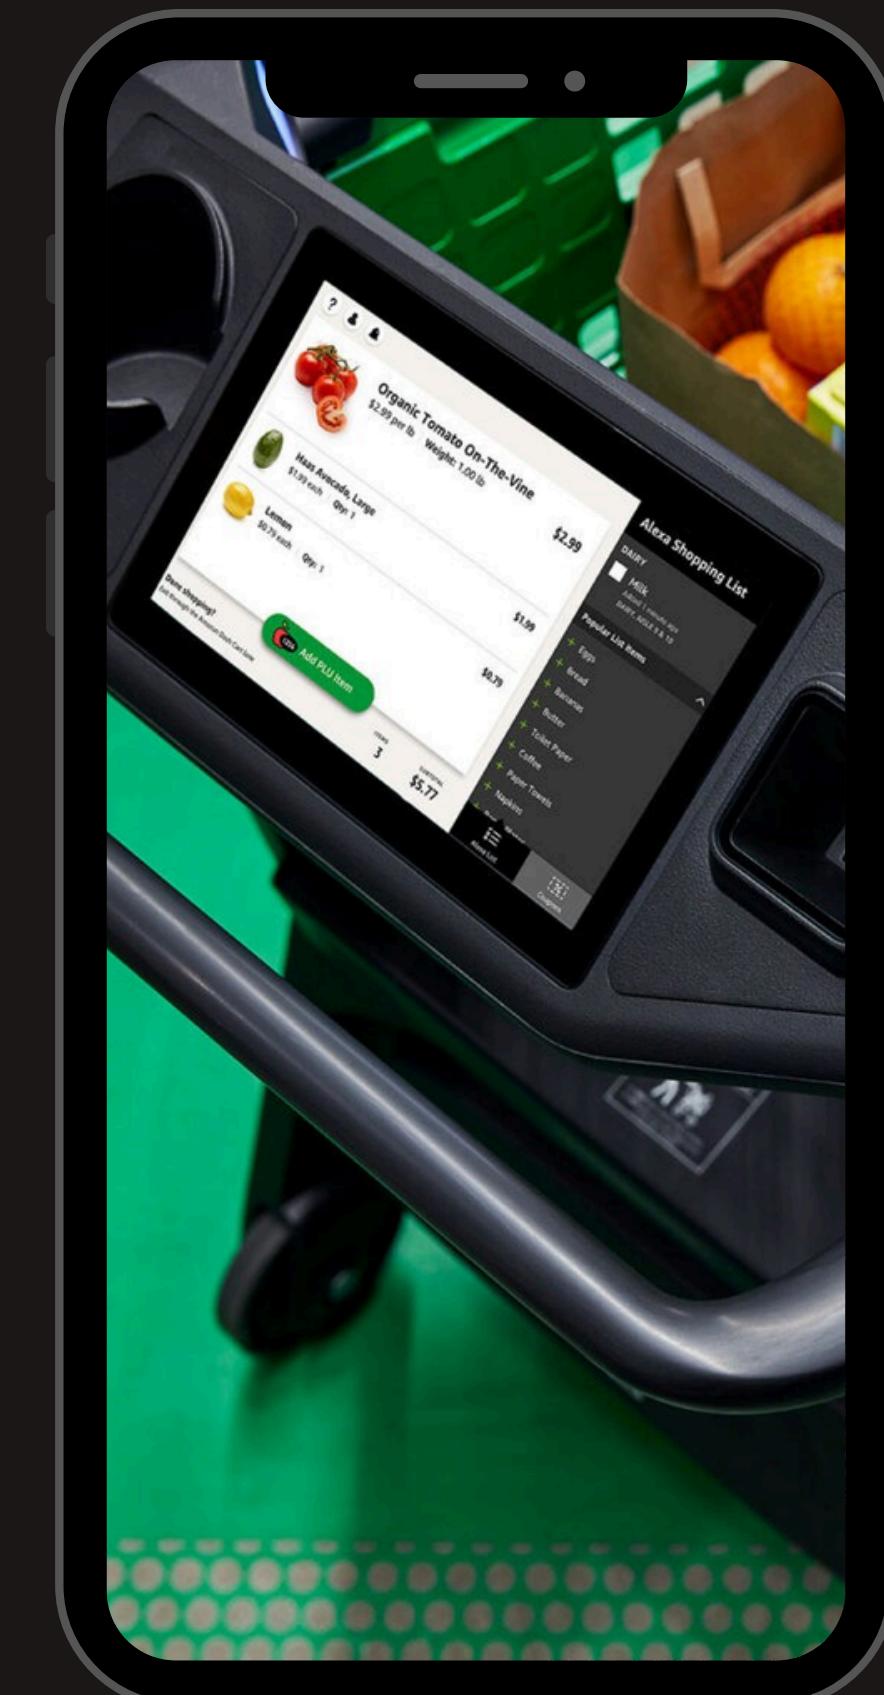

Android ilova orqali arava skaner qilinadi va telefondagi gps orqali arava skaner qilgan odam ortidan yuradi

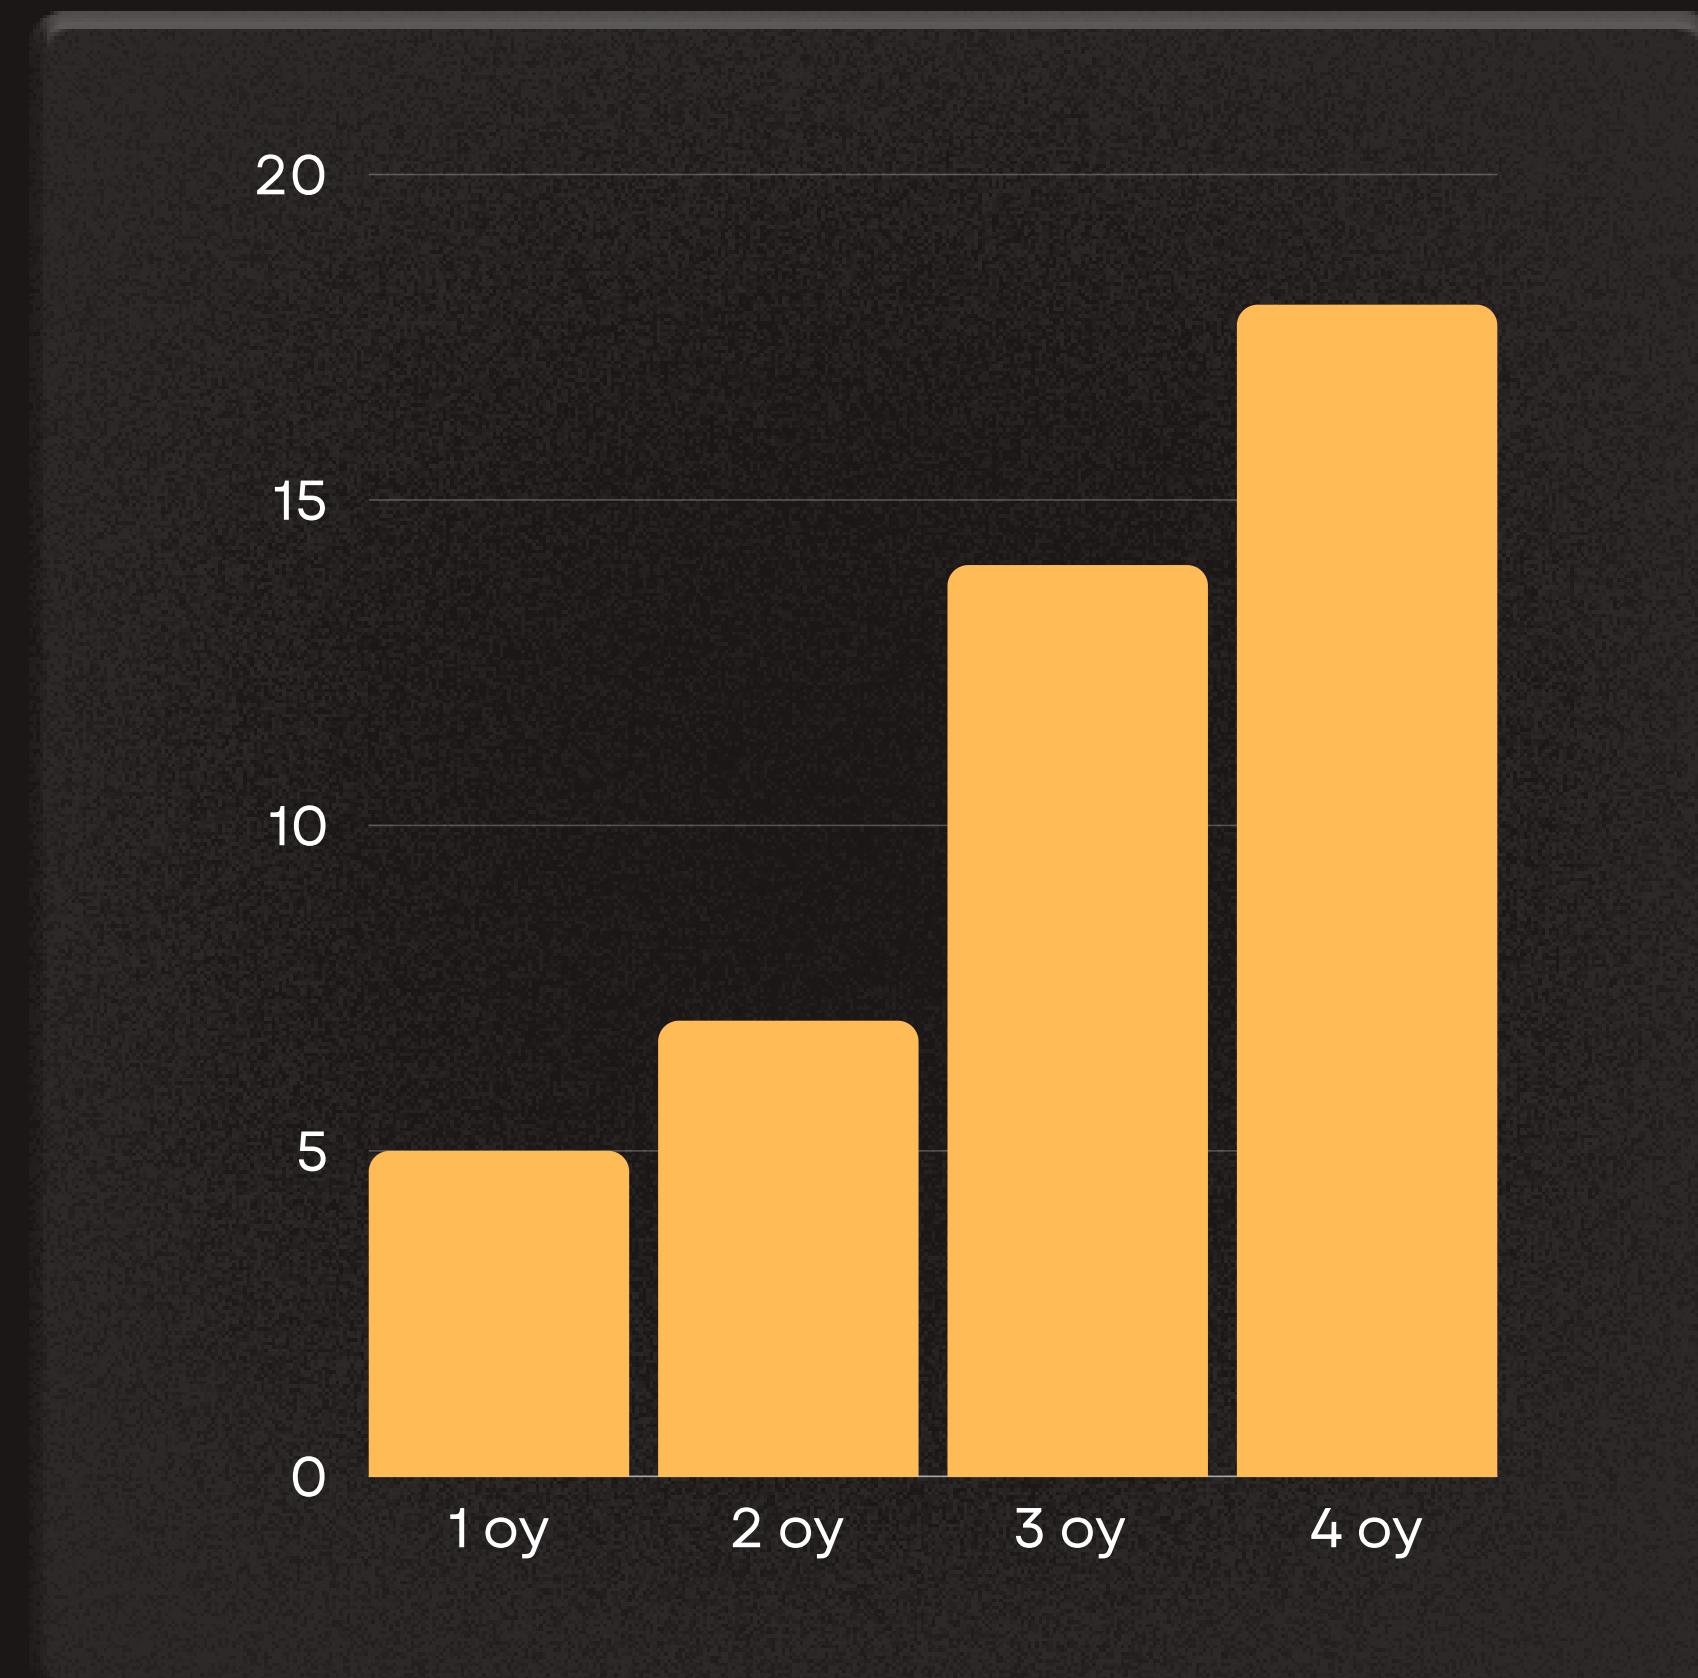

2

Aravalarda uchta kamera mavjud bo'lib, ular ob'ektni turli tomonlardan tasvirga oladi. Keyin narx ekranda ko'rsatiladi. Agar xaridor mahsulotni javonga qaytarish uchun aravadan olib tashlasa, summa qaytarib olinadi.

3

Ushbu turdagи aravalari ish jarayonini 60-70% ga oshiradi va ko'p vaqt tejab qolish imkoniyatini beradi

FOYDALARI

USHBU LOYIHA SAVDONI 18%
OSHIRISHGA YORDAM BERADI

Aqli aravalar do'kon daromadini oshiradi, chunki sotib olish tezroq va qulayroq bo'ladi va odamlarga ko'proq reklama beriladi va ularni koproq mahsulot sotib olishga majbur qiladi
